# KETTLER GARDEN FURNITURE IS FOR EVERYONE

KETTLER is there for everyone and offers the right garden furniture solution to suit every lifestyle, so that carefree KETTLER feeling can find a place in every home.

Elke and Knut will be guiding you through this catalogue along with their family - children Theo and Ella, and grandparents Konrad and Sonja. They demonstrate the diversity of the world of KETTLER garden furniture on the lawn and terrace of a rural family home, at the allotment, or in an urban back garden.

KETTLER

# OUTDOOR LIVING

KETTLER garden furniture brings joie de vivre to your garden or balcony. Individually selected from a wide range, they reflect their owners in both form and function. The various design lines make KETTLER everyone's favourite garden furniture when it comes to making yourself comfortable.

They bring the garden to life and form its centrepiece. They offer a place for getting together with friends, family and partner. To talk, to eat or to celebrate. But it's also a place where you can enjoy some peace and quiet, or drink your morning coffee in the sunshine.

In a quality that you can rely on every day. And even after 75 years, KETTLER garden furniture continues to provide that carefree feeling.

Our anniversary motto celebrates conviviality and diversity of design:

**We've been taking life outdoors. For 75 years.**

# QUALITY THAT GIVES PLEASURE

KETTLER has high standards of quality, design and comfort. Accordingly, only materials that meet or even surpass the specified standards are used. Our garden furniture is durable, UV-resistant and weatherproof, hard-wearing and scratch-resistant, colourfast and quick-drying.

KETTLER has developed its own processes to make sure of that. KETTLER also cooperates with many well-known partners and brands that stand for this promise of quality.

A quality you can rely on. For 75 years and into the future.

 The video of the KETTLER test of Sunbrella® and Agora® can be found here:

This makes the qualitative difference in upholstered outdoor furniture with a 5-year guarantee against colour loss, loss of strength, abrasion and pilling.
